

# Nationwide survey of landowners

project

## «Land market in Ukraine»

*Results of questionnaire survey*

*August– September 2021*

**Purpose of the study:** to determine the awareness of landowners regarding the start of the agricultural land market from July 1, 2021.

**Research period:** August – September 2021.

**Research method:** questionnaire survey in the form of a personal interview using the “F2F” with electronic tablets.

**Total number of respondents:** 1058.

**Sample:** non-repetitive, zoned, quota sex-age.

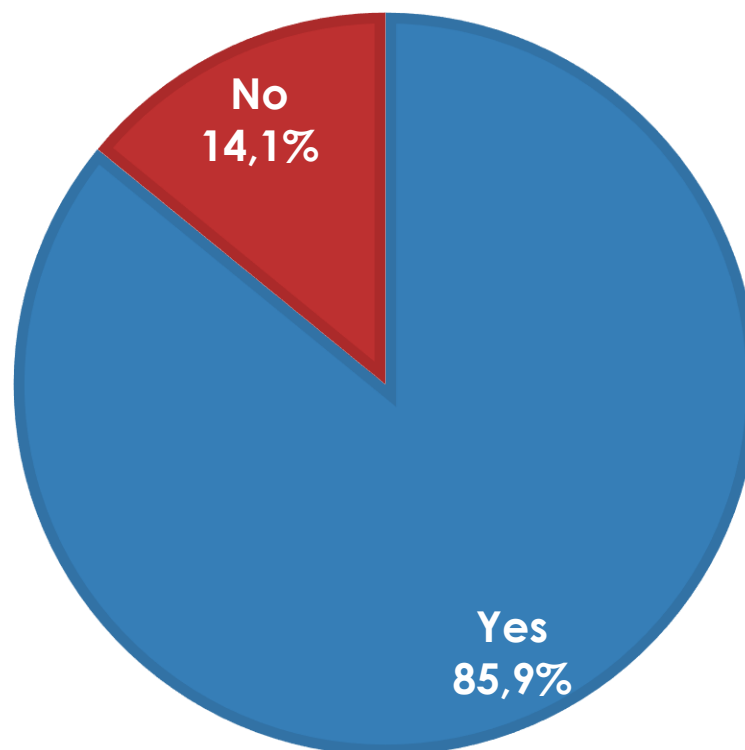

**Sampling error:** does not exceed 2.9% (with a probability of 0.95), excluding the weight of the indicators.

**Geography:** all of Ukraine (except for the temporarily occupied territory of the Autonomous Republic of Crimea, Sevastopol, as well as the territories temporarily not controlled by the Ukrainian government in Donetsk and Luhansk regions).
